New Website Launch

The Lake County Sheriff's Office is excited to announce we have launched our newly updated and innovative website. This new website is much more user friendly, providing up to date information and fast access to the most visited sites.

For example, the website now provides information on the 2014 laws, extensive information on civil procedures as well as outstanding warrants, sexual predators, career opportunities, and safety tips to name a few.

Our website is also linked to the Lake County Circuit Clerks Office as well as other links to assist the community for fast access to all county information.

The Lake County Sheriff's Office values this as a very important communication link to the public; in many instances we see this as our first public contact and therefore are very interested in public participation and encourage feedback on the information they would like to see on our website in the future.
